Bayard Dodge Esq.
President of the Amer. University
Beirut, Syria

Dear Sir:

At the suggestion of Professor Hitti, I am asking whether it is possible for you to send for our library, a series of articles by Professor Porter of the coins in the Museum of your University.

Professor Hitti thought perhaps there might be extra copies of the articles on hand in which these appeared, and that if so, you might be in a position to send them to us.

Very truly yours,

Librarian & Secretary
